

# **EMPLOYMENT OPPORTUNITIES FOR 2009**

## **- BICYCLE SAFETY INSTRUCTOR**

Do you like working with kids? Are you into cycling? Are you at your best when outside?

### The Programs

LifeCycle Consultants are Vancouver's leaders in bicycle safety education and adventure: teaching children through fun and informative interactive training.

For over 8 years we've been teaching our interactive BikeWise training and CycleSmarts classes throughout the Lower Mainland. Our Youth Adventures By Bike gets Grade 7 students out into the environment, on their bikes.

Growth for 2008/9 means that several instructors are required for all three programs.

### Training Weekend

A new date has been set for the Instructor Training weekend in 2009. This will take place on Saturday March 28<sup>th</sup> and Sunday March 29<sup>th</sup>, at the beautiful Sunshine Coast location of Roberts Creek. Overnight accommodation is included within the fixed cost price of \$50+GST, at Up The Creek Backpackers B & B ([www.upthecreek.ca](http://www.upthecreek.ca))

The weekend will include training in all three programs, and our assessment as to the suitability for LifeCycle's work. Engagement in the training weekend does not guarantee work.

The weekend is not intended to be all hard work, and will include downtime, and even a potential snowshoe tour of Dakota Ridge Recreation Area.

Commitment to the training weekend is essential, and in fact helps us book work for the coming season.

Your resume should be forwarded to our email address, and once your eligibility is confirmed, a cheque post dated 1<sup>st</sup> March 2009 should be sent to our offices to confirm your space.

### Your Attributes and Qualifications (\* considered mandatory)

CANBIKE II certified\*

First Aid certification

Clean drivers License and willingness to tow a trailer (\* Lead instructors only)

Great with kids\*

Good communications skills\*
